President's Message

The Victorian Women Dentists' Association was founded in 1999.

Why a women dentists' group?

Why join the VWDA?

Well, we have a mission:

To support women dentists in achieving their goals through personal and professional development.

To achieve this we:

- provide a network to encourage, support and empower women dentists in the profession of dentistry;
- promote the advancement and exchange of knowledge;
- promote leadership and encourage mentoring within the profession;
- provide a voice for the growing number of women dentists in the profession.

We make some specific awards to support recognise and encourage women in dentistry:

- The VWDA Leadership Award;
- Outstanding Female Candidate in the ADC Final Clinical Examination;
- Special Needs Dentistry Conference Scholarship
- Highest- achieving final- year female Bachelor of Dental Science student

The VWDA runs an annual seminar, and meets regularly throughout the year. We believe these meetings are worthwhile both for their formal content, and especially for the social contact and mentoring opportunities with other women dentists.

We welcome you to join the VWDA, and plan to support and encourage you in achieving your goals through personal and professional development.
